Why it is Important - SCIENCE

Early Experiences Build Brains - Baby's brain rapidly grows before entering school with 90% developed by age 4

If we wait till kindergarten to introduce a child to books and reading – it is too late

Brain Science tell us the Reading Network in children's brains doesn't naturally exist; it must be built

It is built by interactive reading.
Reading at home requires books! Imagination Library can help!

Why It Matters - LOVE

- ▶ Books delivered to the home creates a “event”
- ▶ Snuggling, sharing and interaction
- ▶ Reading together helps to create a bond, a unique, shared experience
- ▶ Provides connection between child and caregiver(s), other family members, siblings
- ▶ Sense of ownership and pride – books belong to child
- ▶ Frequency - happens every month

Strengthens the home environment. Supports natural tendencies of family – parents want their children to be healthy and happy.

Why it Matters – EDUCATION IMPACT

Home Literacy Environment

Families connect around book

Increase reading 3 times a week from 59.7% to 85.2%, increased reading multiple times in the same day

Build home library (60)

All family members engaged in reading

Increased 1:1 time, laying foundation for adult's consistent involvement in their children's learning and development.

Kindergarten Readiness

28.9% increase in readiness for Kindergarten

3rd Grade Reading and beyond

Significantly stronger reading, math, science achievement tests consistently from Kindergarten through 9th.

Why it Matters – COMMUNITY & FAMILY IMPACT

Community

A healing effect manifesting in emerging neighborhood initiatives, increased library usage and literacy focus.

Ties to Adult Literacy / Dual Language Learner Programs

Creates a shared bond among children, especially important when starting kindergarten

Family

Establishment of reading routines brings about increased stability, emotional well-being and improved atmosphere in families.

Research shows greatest impact in families facing difficulties (such as poverty, illness and stress experienced by separated families).

**Why is this important
to your community?**

IMPACT = SCALE + FREQUENCY

Education, Community, Family & Children Impact = High % of children enrolled + monthly frequency up to 60 books if enrolled at birth.
