To: The Warden and Members of The Barrington Mun. Council

Re: A matter of concern and  
A matter of safety

RECEIVED

OCT 28 2019

I, Maisha Cunningham, of Newellton, C.S.I, would like to bring up an issue which not only concerns me but a lot of citizens and visitors to Barr. Municipality. We, the residents of the Mun. of Barr., have spent good, hard-earned money to support the " " " projects however, there is one project that seems to get overlooked.

The project is: A Traffic light at Sobep entrance/exit which has been a matter of concern for the past several years now

and as the population increases and new, younger drivers on the highway, I find it necessary to bring to the Municipal Council's attention that safety for all residents & visitors comes first!!

I am requesting that the Mun. council look into having a Traffic light placed at Sobep. Realizing that you have:

- Sobep
- Home hardware
- CIBC
- RBC
- TBS
- Gasoline Station
- Post Office
- Church ⑧

Vehicles are vying for first place on the highway. Congestion. Dangerous. Please help before you loved one my loved one, you or I are injured.

I would like to see your action or reaction to this subject matter. It is a needful request for the well-being and safety of your citizens.

In due respect,

Maisha Cunningham  
a long-term resident  
and getting older!!
