Subject: Application

Misty/Chris

I would like to submit my name to serve on the Recreational Advisory Committee for district 2, my civic address is #XXXXX Highway 3 Barrington.

Below are my interests in Recreation in the Barrington Municipality:

- I have recently submitted my name for the Girls on Boards leadership workshop, and am hoping to complete the required Stand Up Paddle Boarding certificates as an instructor this coming Spring/Summer so that I can assist with providing opportunities to teens in our area to experience Paddle Boarding and see our beautiful community;
- I have been a member and President of the Queen of Hearts Dory Club for over five years (it might be longer). With this role I have tried to attract locals to get out and experience dory rowing. The club provided "Tuesday Night Fun Rows" for several years to attract visitors and locals to come out and learn rowing for free, this was successful for a few years but lack of interest and this past year with Covid the club lost most if not all of its' interested members;
- I am an avid runner, biker, swimmer and kayaker. I have been contacted several times by youth in our community to provide assistance and guidance with the sport of Triathlon which is my main passion. It is my passion to Staying and Encouraging others to become ACTIVE, I feel it's extremely important to encourage young and old to live a healthy and active lifestyle. I try to be a positive role model for my children, women and youth in our community.

If you require more information please let me know.

Thank-you for your consideration!

Nicole Nickerson
