Dear Dr. Harold Cook, Paulette Sweeny-Goodwin and Yarmouth Hospital Foundation members,

Congratulations on receiving such a generous \$22,000,000.00 donation. Community support for healthcare is strong and well in the Yarmouth County area.

The Roseway Hospital Foundation is currently fundraising for a digital x-ray machine, we hope the Roseway Hospital would be considered for a portion of the 15% investment income committed to community health organizations outside the Yarmouth Hospital. The Roseway Hospital enhances the health and wellness of the people in Yarmouth and Shelburne Counties.

Digital x-ray technology represents the next generation of imaging, allowing for clearer, sharper, quality images that are electronically stored and immediately available to the radiologist for interpretation. Digital systems further reduce already low radiation exposure levels and promote a faster turnaround time between patients.

Since November 2020 the Roseway Hospital Foundation has raised approximately \$300,000.00 towards the cost of a \$656,000.00 digital x-ray machine. We have made significant progress and require additional support to meet our goal. Please help us make digital technology a reality at Roseway Hospital.

Roseway Hospital Charitable Foundation

Sincerely,

Norman Wallet
