To Whom it May Concern:

The Doctor's Cone Steeple project came into effect when the United Baptist Church in the community of Doctor's Cone, Shelby Co., N.S. closed in 2009. The church building was to be torn down.

Concerned members of the community decided that there should be recognition that a church had stood on the site.

The steeple was given to the people of the community and fund raising projects were organized to have it erected on a foundation and restored shingled and painted. A plaque with a picture of the church with the dates of operation was placed on the building.

The old cemetery behind the building has been moved and maintained.

There is no large amount of members at best three or four people were

responsible for the project which took place over a two year period. Lots of community support with donations, quilt show, dutch auction and cheesecake dessert.

The community members referred to the venture as the Doctor's Cone Steeple Project and the official name decided on was:

The Doctor's Cone Old Cemetery Association
