RE: Canada Day Funding 2023

Dear Warden and Councillors:

Every year for Canada Day, the **Town of Clark's Harbour** strives to put on a variety of events that would attract people of all ages and every year it becomes more difficult because of budgetary restraints. With the costs of all things on the rise, I don't anticipate the Canada Day budget to rise to meet the offset. With that being said, I am asking you to consider contributing to our annual event which is enjoyed by people from the Town as well as those from the Municipality of Barrington and often, beyond.

Last Canada Day, 2022, everything went perfect, well, there may have been a few minor glitches, hopefully no one noticed. Our biggest guiding factor is the weather, no one can predict what that will be a year from now, but we still must plan and line things up. In the past, two (2) of our largest expenses have been fire works and the entertainment for the children (bouncy houses) and we do not want to see any of these events reduced due to lack of funds. We have applied for funding through Canadian Heritage, even this does not cover a lot of the overall expenses, but every bit helps in one way or another.

In order to make Canada Day 2023 the success of previous years, we are asking for a contribution of, at least, one thousand dollars (\$1000) or any amount that you deem fair for an event of this calibre.

Yours truly,

Jennifer Jones
Town Clerk and Treasurer
