Hello Councillor Nickerson and Ms. Rossetti,

I am happy to acknowledge your letter to President McDougall sent on November 29, 2021. We appreciate your proactive inquiry about this important engagement with the Province. The Board of Directors is preparing for this negotiation by striking a subcommittee that will map out next steps.

In our discussion with the Department of Municipal Affairs and Housing so far, we have pushed for broad consultation and timely notification of their decisions regarding this negotiation.

We will keep you informed as this process advances. Please let me know if you would like further clarification.
