### **Part 3 – Privilege Clause**

The Municipality does not bind itself to accept any tender but may accept any tender, in whole or in part, or discuss with any tenderer different or additional terms to those described in the tender. The Municipality may:

- a) cancel the tender at any time;
- b) reject any or all tenders;
- c) accept any tender;
- d) if only tender is received, choose to accept or reject it;
- e) choose not to accept the lowest bid price;
- f) reject any tenders that, in its sole discretion, are not in its best interest to accept; and
- g) alter the schedule, tender process or any other aspect of the tender as it may determine in its sole and absolute discretion.

If the Municipality elects to reject all tenders it may, in its sole discretion and in addition to any other recourse it may choose, call for additional tenders or re-tender all or part of the work, all without incurring any liability and no Tenderer will have any claim against the Municipality as a consequence.

The Municipality reserves the right to waive any formality, informality, technicality or non-compliance in any tender.

In evaluating tenders the Municipality reserves the right to consider, among other things, the greatest value for money based on quality, service, price, experience and local preference. The Municipality reserves the exclusive right to determine the qualitative aspects of all tenders relative to evaluation criteria and to rely on any evaluation criteria which, in its sole discretion, it considers to be in its best interest.

The Municipality is not liable for any costs associated with responding to the tender.

The tenderer, in submitting a tender response, has accepted the privileges and reservations of rights set out herein and agrees to be bound by same.
